BE INFORMED

Coverage You're Automatically Enrolled In

You automatically receive Business Travel Accident and Basic Life Insurance coverage on your first day of employment.

When You're Eligible for Your Benefits

For most benefit plans, you become eligible for benefits on the first of the month following or coinciding with your date of hire if you're:

- A regular, salaried Turner employee, and
- You are regularly scheduled to work 20+ hours a week (This includes U.S. citizens working for Turner Surety and Insurance Brokerage, Inc.)

Note for Disability coverage: After three months as a Turner employee, you become eligible for Short-Term Disability coverage. If your claim for Short-Term Disability benefits is approved by MetLife and you remain disabled for 90 consecutive days, you may qualify for Long-Term Disability benefits. See page 20 for details.

Covering Your Dependents

When you enroll in your benefits, you may also cover your eligible dependents (e.g., spouse/registered domestic partner, dependent children) in these benefits:

- Medical coverage
- Dental coverage
- Vision coverage
- Dependent Life Insurance coverage
- AD&D coverage
- Flexible Spending Accounts (FSAs)

To add eligible dependents to your coverage when you enroll, you'll need to enter their Social Security Numbers and dates of birth into the Enrollment System. At all times, Turner reserves the right to require written proof of your relationship (e.g., marriage certificate, registered domestic partner affidavit, birth certificate, etc.) to any dependent(s) you add to your Turner benefits coverage.

When Dependent Child Eligibility Ends

Generally, a child's eligibility for Turner benefits coverage ends on the last day of the month of their 26th birthday. However, unmarried children of any age may remain eligible for Turner benefits coverage if they have a permanent mental or physical disability and are incapable of self-support.

Qualifying Life Events

Once your new hire enrollment period ends, you can't make changes to your benefits elections until our next Open Enrollment period, unless you experience a qualifying life event. A qualifying life event is a change in status that occurs during the year and allows you to change your benefit elections within 30 days. Any benefit changes you make must be consistent with your qualifying life event.

Qualifying Life Events Include:

- Marriage, divorce, legal separation, or annulment
- Adding a registered domestic partner
- Dissolution of a registered domestic partnership
- Your death or your spouse's/registered domestic partner's or dependent child's death
- Dissolution of a common law marriage through a court proceeding
- Your dependent child's birth, adoption, or placement with you for adoption[1]
- Your dependent child becoming eligible or ineligible for coverage due to their age, marital status, or any related circumstance
- A change in your home address that affects the Medical Plan options available to you
- A termination, commencement, or any other change in employment status for you or your spouse/registered domestic partner or dependent child that impacts eligibility for benefits through that employment
- A strike or lockout
- A commencement of or return from an unpaid leave of absence

To learn more about qualifying life events and to see what steps you need to take if you experience one, go to **www.turnerbenefits.com** and click *Life Events*.

[1] You have 60 days to complete your benefit elections due to the birth or adoption of a dependent child. You may add your child as soon as possible within that period and do not need to wait for their SSN to be available.

Who Pays for Your Coverage?

Turner will pay the full cost for certain benefits, and you will pay the full cost for several benefits. For the remaining benefits, you and Turner will share the cost. We've broken it down for you below.

YOUR MEDICAL PLANS

We have three plans, all administered through UnitedHealthcare (UHC): **the PPO Plan, PPO Plus Plan, and HSA Medical Plan**. HMOs are also offered in certain regions — reach out to your HR representative for more information.

Your Medical Coverage Basics

You pay for coverage through before-tax premiums taken out of your biweekly paycheck.

For many common, non-preventive services, you'll pay a copay in the PPO and PPO Plus Plans and the cost of care in the HSA until you meet your deductible. Once the deductible is met, you'll pay co-insurance. When you reach your out-of-pocket maximum, Turner pays 100 percent of eligible medical expenses for the rest of the calendar year.

Visit **www.turnerbenefits.com** for more details.

The PPO and PPO Plus Plans have an **embedded** deductible, which means co-insurance kicks in as soon as a participant meets their individual deductible. With the HSA Medical Plan's **non-embedded** deductible, co-insurance will not kick in until the family (in any combination) reaches the family deductible.

Your Annual Out-of-Pocket Maximums: When You Stop Paying for Services

The plan pays 100 percent of all further eligible expenses once your deductibles, copays, and co-insurance for medical and prescription costs add up to these amounts.

Your Prescription Drug Coverage

Coverage is offered through OptumRx. There are three tiers of drugs available. See page 7 for each plan's retail prescription drug costs.

Save Money With Retail

- Fill your retail drug prescriptions at participating in-network retail pharmacies to receive the discounted negotiated rate.
- Receive up to a 30-day supply.

Note: If you choose to use an out-of-network pharmacy for retail prescriptions, you'll pay the full cost of your prescription when you pick it up. You can file a claim for reimbursement. The amount you'll be reimbursed is based on your Medical Plan and the tier the medication is assigned to.

Save Money With the Added Convenience Of the Mail Order Service

- Use mail order for maintenance prescriptions.
- Receive a 90-day supply through mail order for the same amount as two 30-day supplies at a retail pharmacy.

Specialty Pharmacy Program

When you enroll in a UHC Medical Plan, you have access to the Specialty Pharmacy Network through our Specialty Pharmacy program, which offers certain specialty medications at an affordable price.

Program Eligibility

This program is available to people who take one or more specialty drugs used to treat chronic conditions, such as:

- Anemia
- Hemophilia
- Infertility
- Parkinson's disease
- Transplantation
- Endocrine diseases
- Hepatitis C
- Multiple sclerosis
- Rheumatoid arthritis
- Oral cancer
- Cystic fibrosis
- Hepatitis B
- Iron overload
- Pulmonary arterial hypertension
- Immune modulator
- Enzyme deficiency
- HIV/AIDS
- Neutropenia
- RSV prevention
- Growth hormone deficiency

Access These Benefits

If your doctor writes you a prescription to treat one of these conditions, you must fill it at a network specialty pharmacy for your Medical Plan to cover the expense.

Additional Services Included in the Specialty Pharmacy Program

- Free delivery of a 30-day medication supply to your home or physician's office
- 24/7 support, including educational materials and home instruction
- Ancillary supplies (e.g., syringes and needles)
- Care coordination with your physician

Once You're Enrolled

To see a current list of Tier 1, Tier 2, and Tier 3 drugs and in-network and specialty pharmacies for the UHC Medical Plans, go to **www.turnerbenefits.com** > ***Health & Wellness*** > ***Prescription Drugs***, or call the phone number on the back of your Medical Plan ID card.

Understand the UHC Plans

The HSA Medical Plan is a High-Deductible Health Plan (HDHP) that comes with a Health Savings Account (HSA), which is administered through Optum Bank. The PPO Plan and the PPO Plus Plan are both Preferred Provider Organizations. In all three, you'll save money by using in-network providers and services.

FIRST,

THEN,

NEXT,

FINALLY,

How the HSA Medical Plan Works

Enroll.

- This is also when you will elect your HSA contribution, if any.
- After you enroll in this Plan and opt into the HSA, Turner will make a contribution to your HSA.
- You'll receive an Optum Bank Mastercard in the mail after you enroll to use at the time of service.

Reach your deductible.

- Whenever you need medical care or a prescription, you're responsible for paying the full amount (at the UHC discounted rate when you stay in-network) until you reach your deductible (see page 6 for amounts).
- Use the money in your HSA to pay for these expenses, or save your HSA funds for the future and pay for these current expenses out of your wallet.

Share costs with Turner.

- Once you've reached your deductible, co-insurance kicks in.
- You're then responsible for paying 10 percent of the total cost of in-network health care expenses, and Turner pays 90 percent.
- Use your HSA funds to pay for your share of these expenses if you choose.

Turner pays 100 percent.

- If you reach your out-of-pocket maximum during the calendar year, Turner pays 100 percent of any additional eligible expenses for the remainder of the calendar year.

How the PPO Medical Plans Work

Enroll.

- Choose between the PPO Plan and the PPO Plus Plan.
- The PPO and PPO Plus Plans don't come with a health savings account like the HSA Medical Plan does, but you have the option to enroll in the Health Care Flexible Spending Account (FSA), which also offers tax advantages (see page 13 for more details).

Reach your deductible.

- You'll pay out of your pocket for certain in-network services and prescriptions until you reach your deductible (see page 6 for amounts).
- You can use the money available in a Health Care FSA (if elected) to help pay for these expenses.

Share costs with Turner.

- Once you reach your deductible, co-insurance kicks in.
- In the PPO Plan, you're responsible for paying 20 percent of the total cost of eligible in-network health care expenses, and Turner pays 80 percent. In the PPO Plus Plan, Turner pays 100 percent of eligible in-network health care expenses.
- You'll continue to pay copays for certain in-network services and prescriptions. Copays count toward your out-of-pocket maximum.

Turner pays 100 percent.

- If you reach your out-of-pocket maximum during the calendar year, Turner pays 100 percent of any additional eligible expenses for the remainder of the calendar year.

TWO WAYS TO SAVE

Turner offers two types of accounts to help you save taxes on your qualified expenses — a Health Savings Account (HSA) for health care and two Flexible Spending Accounts (FSAs), one for health care and the other for dependent care. Explore the features of each account below.

Health Savings Account (HSA)

If you elect the HSA Medical Plan, you can open an HSA. **With an HSA, you can save taxes on qualified health care expenses, now and in the future.** Both you and Turner can contribute, up to IRS limits. Plus, your HSA belongs to you — there's no "use-it-or-lose-it" rule, even if you retire or leave Turner.

The IRS limits the amount of money you can contribute to your HSA each year. The chart below shows the 2025 IRS maximums. Your own maximum is this amount reduced by:

- Any 2025 HSA contributions you made before coming to Turner, and
- Your prorated contribution from Turner. You are not required to make your own HSA contributions in order to receive Turner's contribution.

	Employee	Employee + Spouse/ Domestic Partner or Employee + Child(ren)	Employee + Family
IRS 2025 HSA Contribution Limit	$4,350	$8,550	$8,550
Annual Contribution from Turner[1]	– $650	– $1,300	– $2,000
Maximum Amount You Can Contribute in 2025	**$3,650**	**$7,250**	**$6,550**

HSA participants over the age of 55 can make an additional catch-up contribution of $1,000.

[1] This amount is prorated for the year based on your date of hire.

How to Use Your HSA

1. Choose your before-tax HSA contribution when you enroll in the HSA Medical Plan.
2. You'll receive Turner's contribution after enrolling.
3. Use your Optum Bank Mastercard for eligible health care expenses, file a claim for reimbursement, or pay out of pocket and save and invest your HSA for the future.
4. Start, stop, or change your contributions at any time (up to the IRS limit).

Visit **www.turnerbenefits.com** for more HSA details.

PPO and PPO Plus Plan participants are not eligible for the HSA, but they can still save on taxes with a Health Care FSA (see next page).

Flexible Spending Accounts (FSAs)

FSAs lower your taxable income by letting you use before-tax dollars to pay for eligible expenses.

How FSAs Work

There are two types of FSAs: a Health Care FSA and a Dependent Care FSA. You can enroll in both, but the accounts have different purposes, and you can't transfer funds between them.

- When you enroll, choose your before-tax contribution to be deducted from your biweekly paycheck.
- After you pay an eligible expense, you can be reimbursed from your FSA.
- Turner doesn't contribute to your FSA.
- The "use-it-or-lose-it" rule applies — if you don't use all of your FSA funds during the year, you'll forfeit what's left.

If you enroll in the HSA Medical Plan or if your spouse/registered domestic partner has an HSA, you can't enroll in a Health Care FSA. But everyone with eligible dependent care expenses can have a Dependent Care FSA as long as you and your spouse (if you are married) are both working outside of the home or attending school full-time. Other restrictions are listed below.

	Health Care FSA	Dependent Care FSA
How Much You Can Contribute	At least $120 per year but no more than $3,200	At least $120 per year but no more than $5,000
Eligible Expenses	Medical, dental, and vision expenses (e.g., deductible, copay, co-insurance) for you and your eligible dependents	Child and elder care expenses (e.g., preschool, day care, after-school care, elder care); children must be under age 13 **Please note:** This isn't an account for spousal or dependent medical expenses.
When Eligible Expenses Must Be Incurred	January 1–December 31, 2025	January 1–December 31, 2025
2025 Claim Deadline	April 30, 2026	April 30, 2026

* If your spouse has earned income, you cannot use a Dependent Care FSA. Exceptions include if your spouse is physically or mentally incapable of caring for himself or herself, is looking for work or is a full-time student for at least five months during the Plan Year.

Go to **www.turnerbenefits.com** > ***Health & Wellness*** > ***Review Health Spending Account Information*** for a list of eligible expenses.

COMPARE THE ACCOUNTS

The HSA and FSAs each offer tax advantages. All three accounts let you set aside before-tax dollars to pay for eligible expenses. For the HSA and Health Care FSA, the Medical Plan option you elect determines which type of account you can choose. The HSA has a powerful triple tax benefit. Keep in mind, if you don't spend all of your FSA funds by the end of the year, you'll forfeit some or all of what's left in your account — so estimate your contributions carefully. The HSA does not have a "use it or lose it" rule.

Review the table below to learn more about how these accounts can help you save.

	HSA
How Do I Get This Account?	Enroll in the HSA Medical Plan and establish your HSA with Optum Bank.
Who Contributes Money?	Both you and Turner. Turner makes an annual contribution to your account and you decide how much additional before-tax money, if any, to add from your biweekly paychecks.
Can I Change My Contribution Amount?	You can change your contribution amount anytime throughout the year for any reason through the benefit enrollment portal.
Tax Advantages	Contributions are before-tax. Growth and distributions are tax-free.

To find a VSP provider go to **www.turnerbenefits.com** > ***Health & Wellness*** > ***Vision***.

What's Your VSP ID?

Our plan's VSP group number is 12193474, and your VSP ID is your Social Security Number. There is no VSP ID card — simply tell your provider that you have VSP coverage and give them Turner's group number and your Social Security Number to verify your coverage.

LIFE AND AD&D

These benefits can protect your and your family's financial security in case of the unexpected.

Coverage

Business Travel Accident	Basic Life	Supplemental Life
• Employee coverage of 5x annual base salary • Minimum: **$250,000** • Maximum: **$1,000,000** • Company-paid	• Employee coverage of 2x annual base salary as of July 1, 2024 • Maximum: **$1,000,000** • Company-paid	• Employee options: 1x to 5x annual base salary as of July 1, 2024 • Maximum: **$2,000,000** combined with Basic Life coverage • Employee-paid

You're required to provide a Statement of Health in the following situations.

Supplemental Life Insurance

- During your initial enrollment, if you elect coverage more than 3x your annual base salary.
- If, during Open Enrollment, you increase your Supplemental Life Insurance Coverage more than one level above your current benefit level.
- If you choose not to elect Supplemental Life Insurance when first eligible, and then decide to enroll later.

Dependent Life Insurance

- During your initial enrollment, if you elect coverage for your spouse that is more than $50,000.
- If, during Open Enrollment, you increase your Spousal Optional Life Insurance Coverage in increments greater than $10k. For example, if you currently have $50k and want to increase to $60K, no SOH is required. However, if you elect $70k then it will require an SOH.

How to Submit a Statement of Health

After completing enrollment, connect to the MetLife site. Or visit **www.turnerbenefits.com**, select ***Additional Resources,*** and click the ***Life Insurance/Statement of Health*** icon.

If this is your first time on the MetLife site, register using the company code **Turner**.

Dependent Life	AD&D	Notes
• **Spouse/Registered Domestic Partner:** Options of $10,000 to $200,000 • **Child:** Options of $2,000, $5,000, or $10,000 • Both can't exceed employee's total coverage amount (Basic + Supplemental). • Employee-paid	• Options of $10,000 to $500,000 in $10,000 increments • Coverage over $350,000 can't exceed the lesser of 10x annual base salary or $500,000. • Coverage available for employee only or employee + eligible family members. • Employee-paid	Life Insurance coverage is reduced to 65 percent when you reach age 65 and to 50 percent when you reach age 70 for Basic, Supplemental, and Spouse coverage. Coverage is always based on employee's age. AD&D coverage for a dependent spouse/registered domestic partner ends when they reach age 70. For Child Life and AD&D, if your spouse/registered domestic partner is also a Turner employee, only one person can carry Child Life and AD&D coverage. Coverage under the Child Life & AD&D coverage ends at the end of the month in which the child turns 26.

GROUP LEGAL PLAN

Enroll in voluntary legal services through MetLife for telephone advice and office consultation with a MetLife attorney for debt matters, civil lawsuits, will and trust preparation, and more.

To learn more, go to **www.turnerbenefits.com > *Financial Benefits > Group Legal Services***.

Coverage also includes contested guardianship, immigration assistance, and reproductive assistance — and a caregiving support benefit called Family First. You'll also receive four hours of legal counsel for non-covered services.

DISABILITY COVERAGE

There are two types of Disability coverage available: Short-Term Disability (STD) and Long-Term Disability (LTD).

Taking a Leave of Absence (LOA)

When you need to go on leave, you must contact MetLife and your local HR Contact to report it.

MetLife Will:

- Work with you to obtain the necessary medical certification.
- Keep HR informed.
- Provide a smooth transition from STD to LTD, if necessary.

Paid Family Leave

Turner has adopted a Paid Family Leave policy for regular, salaried full and part time Staff employees with three months of continuous company service. Paid Family Leave is available for bonding subsequent to the birth, adoption or foster placement of a child, and/or to care for a spouse, domestic partner, child or parent with a serious health condition. Paid Family Leave may be taken consecutively or intermittently, by week, for up to 6 weeks on a rolling basis every 12 months.

STD Coverage Overview

When STD Coverage Starts

TD starts when you're absent from work for five continuous workdays due to illness or injury.

Note: You must be employed by Turner for more than 90 days to be eligible for this benefit.

What STD Coverage Provides

- Pay and benefits continuation for up to 90 days (almost 13 weeks) when you can't work due to medical, mental, or other conditions, including pregnancy
- Benefits coverage continuation for the Medical, Dental, Vision, Life, and AD&D Plans, and FSAs

What You'll Receive

- You'll receive 100 percent of your base salary for up to eight weeks (depending on delivery type) of maternity leave.
- For other eligible disabilities for which your claim is approved by MetLife, you'll receive 100 percent of your base salary per week for each full year of Turner service, with a minimum available benefit period of two weeks.
- Then, if you remain disabled, as determined by MetLife, you'll receive 67 percent of your base salary for any remaining weeks not paid at 100 percent, up to a total of 90 days of pay continuation.
- For example, if you've been employed by Turner for five years, you'll get 100 percent of your base salary for a maximum of five weeks, and if you remain disabled, as determined by MetLife, you'll then receive 67 percent of your base salary until you reach the maximum period of 90 days.

Possibility of Reduced STD Benefits

If you receive any statutory disability income (e.g., money from state disability programs, Social Security, Workers' Compensation, etc.) during the same period as your STD coverage, it may reduce the amount of pay replacement you receive from Turner.

Enhanced Short Term Disability Benefits Due to Pregnancy/Childbirth

Employees without sufficient years of service to account for STD salary continuation at 100% for the period of disability following pregnancy/childbirth are eligible to receive enhanced pay of the additional 67% of their salary to ensure 100% salary continuation for the applicable period (generally six weeks or eight weeks based on type of delivery). If any additional STD is needed thereafter for the medical portion of the leave, the aforementioned standard STD policy will apply.

LTD Coverage Overview

When LTD Coverage Starts

Once you've been on STD for 90 consecutive days and as long as your disability continues to be approved by MetLife, you'll transition from STD to LTD benefits.

What LTD Coverage Provides

- You'll receive income protection for you and your family if you become totally disabled because of illness or injury lasting more than 90 consecutive days.
- Income replacement is 60 percent of your base salary tax-free (up to $20,000 monthly).
- LTD benefits are paid directly by MetLife on a monthly basis.

Eligibility Requirements and Limitations

- During the first 24 months of your disability, you must be unable to perform the regular duties of your job at Turner because of illness or injury.
- After 24 months of your disability, you must be unable to perform the duties of any job.

Possibility of Reduced LTD Benefits

If you receive any income from Social Security (individual and family), Workers' Compensation, state disability, or any other company- or government-sponsored plan (e.g., disability, bonus payments, retirement, Turner's Cash Balance Pension Plan, bonus payments, etc.), or unemployment during the same period as your LTD benefits are payable, it may reduce the monthly amount you receive from MetLife.

Paying Taxes on Your LTD Benefits

You won't pay any federal income taxes on LTD payments you may receive from MetLife, meaning that you'll receive a greater benefit when you need it most. This is possible because the amount of the Turner-paid premiums are included in your gross income and reported on your W-2 Form as imputed income. As a result, the premiums Turner pays on your behalf are subject to income taxes, but any payments you receive from MetLife aren't taxable.

Contact MetLife

Go to **www.turnerbenefits.com** > ***Life and Disability*** > ***Short-Term or Long-Term Disability > MetLife***. Then, register as a new user (company code is Turner). Or call (877) 887-6266, Press 5.

Keep in Touch

When you're on STD or LTD leave, you must:

- Provide your supervisor, HR Contact, and MetLife with a current phone number and personal email address so you can stay connected.
- Alert all three parties when there's any change in your status or plans.
- Be prepared to send in proof of your continuing disability to MetLife to stay qualified for benefits coverage and other programs.

SAVE FOR RETIREMENT

Plan for your financial future with the Turner Retirement Investment Plan (TRIP) 401(k).

If you have a 401(k) plan with a previous employer, you may now roll it over to the TRIP 401(k). The rollover form can be found on **www.turnerbenefits.com** under ***Additional Resources*** > ***Forms***.

TRIP 401(k) Overview

Benefits of the Plan

- Tax-deferred retirement savings
- Roth after-tax contribution option
- Service-based company-matching contribution
- Earnings-based Company contribution, made regardless if you make your own contributions
- A variety of investment fund choices

How It Works

1. Your contributions to the plan come out of your base salary on a before-tax or Roth after-tax basis, based on your elections, up to IRS limits.
2. As a new hire, you're automatically enrolled with a contribution rate of 5 percent of your base salary on a before-tax basis.
3. You can contribute from 1 to 25 percent of your base salary and may change your contribution elections at any time.

You Can't Participate in the Plan If You're:

- Covered by a collective bargaining agreement
- An hourly paid employee
- Under the age of 21
- A non-resident with no U.S. source of income (U.S. citizens working in Puerto Rico are eligible for the plan.)
- A leased employee
- A temporary employee (including those employed under a cooperative program) who hasn't completed a one-year period of service
- An employee under an international employment program whose contract doesn't allow for participation in the TRIP 401(k)

Three Types of Contributions

There are three ways contributions are made to your account: your own contributions, Company-matching contributions, and earnings-based contributions.

1. Employee Contributions

Before-Tax Contributions
You can contribute money directly from your biweekly paycheck to your retirement account on a before-tax basis, which means the money isn't taxed now, up to a maximum amount set by the IRS.

You elect the contribution percentage you want to contribute to your retirement account — from 1 to 25 percent of your base salary. You can change the amount at any time.

As a new hire, if you don't elect to enroll at a specific percentage or opt out of contributing, you're automatically enrolled with a contribution of 5 percent of your base salary on a before-tax basis.

Roth 401(k) Contributions
These contributions are made from your biweekly paycheck on an after-tax basis and are included in current taxable income (this means you pay taxes on the money you contribute). But this money can be tax-free upon distribution as long as certain IRS rules are met.

Catch-Up Contributions
The IRS limits the maximum amount you can contribute to your retirement account. But beginning with the calendar year in which you turn age 50, you can make additional "catch-up" contributions to your retirement account. The IRS maximum for catch-up contributions is $7,500 for 2025.

Important:
Your total amount of deferral contributions, both before-tax and Roth 401(k) contributions, can't exceed a total of 25 percent of your base salary or the IRS maximum contribution for the year. The IRS maximum contribution for employees under age 50 is $23,500 for 2025.

2. Company-Matching Contributions

We want to help you prepare for retirement, which is why we contribute to your account too. For every dollar you contribute, Turner makes a matching contribution based on your years of service.

Years of Service[1]	Company-Matching Contribution	Maximum Match Percentage
0–4	50%	2.50% of base salary
5–9	75%	3.75% of base salary
10 or more	100%	5.00% of base salary

[1] The Company-matching contribution increases during the next pay period following your anniversary date.

3. Earnings-Based Contributions

Turner will make earnings-based contributions to your TRIP 401(k) based on your base salary, even if you don't make employee contributions. The amount of the earnings-based contribution you receive will be calculated based on when you become eligible. Your earnings-based contribution will be equal to 3 percent of your annual base salary up to the Social Security Wage Base (SSWB) plus 6 percent of your annual base salary over the SSWB.

Here are two examples using the 2025 SSWB of $176,100:

If your annual base pay is $85,000:
3% x $85,000 = $2,550

Your earnings-based contribution is $2,550.

If your annual base salary is $200,000:
3% x $176,100 = $5,283
6% x ($200,000 - $176,100) = $1,434
$5,283 + $1,434 = $6,717

Your earnings-based contribution is $6,717.

Vesting

When Am I Vested in My Contributions to the TRIP 401(k)?

You're always 100 percent vested in your employee contributions to the TRIP 401(k), as well as any associated investment gains or losses on your contributions.

When Am I Vested in the Company's Contributions?

After three years of service, you'll be 100 percent vested in both the Company's matching contributions and earnings-based contributions, as well as any associated investment gains or losses.

Accessing Your Account While Employed by Turner

Borrowing Money From Your Account

You can have up to two general purpose loans and one principal residence loan outstanding at any time, up to a combined maximum amount of $50,000 or 50 percent of your account balance, whichever amount is less. (Principal residence loan requests are subject to Benefits Department approval.)

Withdrawing Funds From Your Account

You can request a hardship withdrawal if you're experiencing a financial hardship as defined by the IRS. And, if you're at least age 59½, you may request an in-service withdrawal. Any withdrawal you make while employed may be subject to federal tax withholding, as well as additional tax penalties, if you're under age 59½.

What Happens to Your Account If You Leave Turner

If you leave Turner, you can roll over your vested TRIP 401(k) account balance to another qualified retirement plan or receive a total distribution from the plan after 30 days. If you're at least age 60, you also have the option to receive a partial distribution of your account balance. There may be tax consequences, so you should always consult with a financial advisor before requesting a distribution or withdrawal.

Your Investment Choices

You choose how to invest your contributions, the Company-matching contributions, and earnings-based contributions made to your TRIP 401(k) account. Each of the plan's investment funds offers a different investment strategy and its own degree of financial risk and earning/loss potential. You may allocate your savings among the funds any way you like.

BETTER HEALTH, LOWER COST

If you're a new hire or newly eligible employee, you'll automatically receive our medical premium discount for the rest of the year after enrolling in a Turner Medical Plan. To remain eligible for the discount in subsequent years, all you need to do is participate in the Healthy Me Healthy Mind Wellness Program and submit the required documentation by the deadline. You must also remain enrolled in a Turner Medical Plan.

Medical Premium Discount

If you and your spouse/registered domestic partner are enrolled in a Turner Medical Plan, you can earn a medical premium discount by participating in the **Healthy Me Healthy Mind Wellness Program**.

You Can Save:

- $300[1] annually ($11.54 per biweekly paycheck) as an individual
- $600[1] annually ($23.08 per biweekly paycheck) if you and your covered spouse/registered domestic partner both participate

Complete the Following by the Deadline:

1. Get a routine physical exam.
2. Enter your annual physical exam information on the benefits enrollment portal, accessible through **www.turnerbenefits.com**.

[1] This amount is prorated for the year based on your date of hire.

Turner Wellness Wallet

You can get reimbursed for wellness expenses including fitness apps and trackers, nutrition apps, childcare platforms, eldercare, petcare, long-term care insurance premiums, athletic event fees, gym and class fees, outdoor activities, personal training, home gym/sports/fitness equipment, and video-based fitness. Turner Medical Plan enrollment isn't required.

You Can Be Reimbursed:

- Up to $360[1] annually as an individual
- Up to $500[1] annually if you and your covered spouse/registered domestic partner both participate

Complete the Following:

- **By the deadline:** Get an annual physical exam and enter your information on **www.turnerbenefits.com**.

Note: Submit expenses and documentation through the Forma site. Reimbursements will be processed (added to your paycheck) on a monthly basis.

IMPORTANT LEGAL NOTICES

Notice Regarding Wellness Program

Healthy Me Healthy Mind is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program, you'll be asked to complete a routine physical exam. You're not required to complete a biometric screening or other medical examinations.

Employees who choose to participate in the Healthy Me Healthy Mind wellness program will receive an incentive of $300 for completing the routine physical exam. Although you're not required to complete a physical exam, only employees who do so will receive $300.

If you're unable to participate in the health-related activity required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting **turnerbenefits@tcco.com**.

The results from your biometric screening and physical exam will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as Wondr Health. You're encouraged to share your results or concerns with your own doctor.

Patient Protection Disclosure

Turner's Medical Plans generally allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers for a specific medical plan option, contact the Benefits Service Center at (877) 887-6266.

For children, you may designate a pediatrician as the primary care provider. You don't need prior authorization from Turner or from any other person (including a primary care provider) to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Benefits Service Center at (877) 887-6266.

Mastectomy Coverage

All Turner-sponsored Medical Plans cover surgery after a mastectomy to: 1) reconstruct the breast on which the mastectomy was performed; and 2) reconstruct the other breast to produce a symmetrical appearance. Prostheses and treatment of physical complications in all stages of the mastectomy, including lymphedema, are also covered. This coverage is required by law.

Maternity Coverage

For maternity stays, in accordance with federal law, Turner's plans don't restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a cesarean section. However, federal law generally doesn't prevent the mother's or newborn's attending caregiver, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours, as applicable). The plans can't require a provider to prescribe a length of stay any shorter than 48 hours (or 96 hours following a cesarean section).

60-Day Special Enrollment Period

In addition to the qualifying events outlined in Turner's Summary Plan Descriptions (SPDs), you and your dependents will have a special 60-day period to elect or discontinue coverage if: 1) your or your dependent's Medicaid or CHIP (Children's Health Insurance Program) coverage is terminated as a result of loss of eligibility; or 2) you or your dependent becomes eligible for a premium assistance subsidy under Medicaid or CHIP.

You can view copies of all plan SPDs at **www.turnerbenefits.com** by clicking the *Summary Plan Descriptions & Legal Notices* icon on the homepage.

Prescription Drugs and Medicare

Important Notice From Turner About Your Prescription Drug Coverage and Medicare

If you or your dependents have Medicare or will become eligible for Medicare in the next 12 months, the Medicare Prescription Drug program gives you more choices for your prescription drug coverage.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Turner and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you're considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There Are Two Important Things You Need to Know About Your Current Coverage and Medicare's Prescription Drug Coverage:

1

Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2

Turner has determined that the prescription drug coverage offered by Turner's plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can I Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you'll also be eligible for a two-month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to My Current Coverage if I Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan and drop your current Turner coverage, be aware that you and your dependents won't be able to get this coverage back.

When Will I Pay a Higher Premium (a Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Turner and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1 percent of the Medicare base beneficiary premium per month for every month that you didn't have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19 percent higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice or Your Current Prescription Drug Coverage

Contact the Turner Benefits Department at the phone number shown below for further information.

Note: You'll get this notice each year. You'll also get it before the next period you can join a Medicare drug plan and if this coverage through Turner changes. You may also request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the Medicare & You handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage, go to **www.medicare.gov** or call (800) MEDICARE (633-4227). TTY users should call (877) 486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at **www.ssa.gov** or call them at (800) 772-1213. TTY users should call (800) 325-0778.
