Re: Garrett Baxley v. TURNER CONSTRUCTION

EEOC Charge Number: 460-2026-09584

TURNER CONSTRUCTION has submitted a Position Statement in response to your EEOC Charge of Discrimination, 460-2026-09584, and it is available in the EEOC Public Portal for your review. Please log-in to the EEOC Public Portal as soon as possible to download and review the Position Statement and any attachments or supplements.

If you would like to respond to the Respondent's Position Statement or provide additional evidence or information to be considered in this investigation, please upload your response/evidence to the EEOC Public Portal by 10/15/2026.

This is your opportunity to provide any additional information you believe is relevant to support your case. There is no specific format required for your response; however, if you disagree with any information the employer provided, please state what you disagree with, explain why you disagree, and provide information supporting your explanation. If there are witnesses that have information about the allegations raised in your charge, be sure to provide their names, contact information, and a summary of what you expect they would say.

If you do not submit additional information by the deadline, EEOC will proceed based on the available evidence. If you do submit additional information by the deadline, EEOC will evaluate the information. EEOC may contact you if additional information is needed for the investigation. If, after reviewing the evidence, it appears that further investigation will not result in the finding of a violation, the EEOC will dismiss the charge and issue you a Determination and Notice of Rights, which gives you 90-days to file a lawsuit if you wish to pursue your claims further. Please note that if your charge alleged one or more allegations under the Equal Pay Act (EPA), you already have the right to sue under the EPA (filing an EEOC charge is not required). EPA lawsuits must be brought in federal or state court within 2 years (3 years for willful violations) of the alleged EPA underpayment.

Please be aware that by receiving these documents before you have filed a lawsuit based upon your charge, you agree that you will only share them with persons in a privileged relationship with you, such as a spouse, clergy, or medical, financial, or legal advisor.

If you have questions, please contact MICHAEL LIGHTNER by telephone at (346) 327-7675 or email at MICHAEL.LIGHTNER@EEOC.GOV.

Sincerely,

09/30/2026

MICHAEL LIGHTNER
