Garrett Baxley

Director-Level HR & People Operations Leader

Houston, Texas | Baxley.Garrett@gmail.com | [phone] | linkedin.com/in/garrett-baxley

PROFESSIONAL SUMMARY

Director-level HR and People Operations leader with 13 years of experience building scalable people functions across construction, healthcare, hospitality, and multi-site operations. Most recently served as the sole HR leader for a $2.5B+ hyperscale data center program supporting a four-company joint venture and 4,600+ peak workforce. Known for standing up HR infrastructure from scratch, advising executives through high-stakes employee relations and compliance issues, and using workforce analytics to improve staffing, safety, leadership visibility, and organizational performance.

SELECTED IMPACT

- Built and owned the people operating model for a $2.5B+ hyperscale construction program with a 4,600+ peak workforce.
- Supported executive and partner-firm leaders across a four-company JV with overlapping enterprise, project, and OCIP requirements.
- Led HR strategy for a 650+ employee, 40+ location diagnostic-imaging organization across six states.
- Improved eNPS by 46 points, cut time-to-hire by 80%, reduced employee-relations issues by 50%, and improved leadership effectiveness by 60%.
- Built dashboards, forecasting models, onboarding portals, compliance intake, and field communication systems that gave leaders operating visibility.

CORE COMPETENCIES

HR Strategy & People Operations | Organizational Design | Workforce Planning & Forecasting | Change Management | Employee Relations & Investigations | Multi-State Compliance: FMLA, ADA, EEOC | Employment Law & Risk | People Analytics & HRIS | Leadership Development & Executive Coaching | Total Rewards & Compensation | Safety / EHS Partnership | M&A / HR Integration | Stakeholder & JV Partner Alignment | DEI & Inclusion | Emergency Response

PROFESSIONAL EXPERIENCE

Turner Construction Company - CTS LoneStar JV | Texas | Hybrid — Oct 2025 - May 2026

Human Resource Manager - Mega Projects

Sole HR leader for one of the largest programs in its partner firms' history: a $2.5B+ hyperscale data center campus delivered by a four-company JV (Turner, Clayco, Source Building Group, TW Constructors), with five data centers, onsite workforce housing, and a 4,600+ peak workforce.

- Owned the program's HR function solo for eight months, operating with senior-level autonomy across project, business-unit, regional, national, partner-firm, and owner-controlled systems.
- Built the program's HR operating model from the ground up, including onboarding, safety badging, compliance intake, jobsite entry standards, partner coordination, and workforce communication processes.
- Advised project executives and four JV partner leadership teams on employee relations, workplace investigations, compliance risk, workforce planning, leadership alignment, and field communication strategy across a 4,600+ multi-employer workforce.
- Designed workforce forecasting and people analytics models tracking FTEs, projected vs. actual man-hours, OSHA recordables, staffing needs, and schedule/safety indicators for leadership decision-making.
- Built a Google Workspace onboarding portal and live dashboard environment that gave project leadership real-time visibility into staffing, compliance, onboarding status, and workforce trends.
- Led English- and Spanish-language workforce communications and helped shape a culture of safety, transparency, inclusion, and accountability under intense schedule pressure.
- Developed the program's early-career talent pipeline through an 11-member internship program, including onboarding structure, manager coordination, and field integration.
- Served on the Emergency Response Team and led HR-side response to critical, life-threatening incidents in coordination with safety, medical, and executive leadership.

Capitol Imaging Services - Houston MRI and affiliated centers | Houston, TX — Apr 2023 - May 2025

Human Resource Manager

- Sole HR leader for a 650+ employee, 40+ location diagnostic-imaging organization, owning recruitment, employee relations, compliance, benefits, workforce planning, and multi-site people strategy.
- Advised executives and site leadership on workforce planning, performance management, organizational decisions, and leadership effectiveness across a geographically distributed healthcare operation.
- Led HR through two acquisitions in Texas and Georgia and managed multi-state compliance across TX, GA, FL, LA, MS, and AL, including FMLA, ADA, EEOC, handbook infrastructure, and scalable HR processes.
- Improved eNPS by 46 points, reduced time-to-hire by 80%, lowered employee-relations issues by 50%, and improved leadership effectiveness by 60% through coaching, training, process design, and performance management.
- Built people dashboards, reporting processes, and operating rhythms that improved leadership visibility into staffing, retention, employee relations, and organizational risk.

Sonnenalp Resort | Vail, CO | Hybrid **Jan 2021 - Jan 2023**
Human Resources Generalist
- Served as primary HR lead for employee relations, compliance, coaching, and performance management within a high-touch luxury resort environment.
- Managed disciplinary actions, coaching plans, employee concerns, and conflict resolution, reducing grievances by 42%.
- Built internal promotion pathways and manager coaching practices that increased career mobility by 35%.

OTR Fleet Service LLC | Houston, TX **Sep 2017 - Jan 2021**
Human Resources Generalist
- Built the company's internal HR function from the ground up, reducing HR costs by 26% while establishing core people, compliance, recruiting, employee-relations, and documentation processes.
- Supported workforce operations across a service environment with practical, field-ready HR systems and manager guidance.

Massage Heights | Houston, TX **Feb 2009 - Sep 2017**
Human Resource & Operations Manager
- Led combined HR and operations for a multi-location service business, aligning staffing, scheduling, team development, customer experience, and performance standards.
- Increased revenue by 20% through performance-based staffing, manager coaching, team accountability, and operational discipline.

SELECTED TECHNICAL & PRODUCT LEADERSHIP

Galaxy Sports Network / Galaxy Sports Edge (GSN) | Founder & Lead Architect
- Built a sports analytics and prediction platform with live data ingestion, PostgreSQL data pipelines, probability-weighted outputs, model-driven ranking logic, and a real-time operator dashboard.
- Own product architecture across data engineering, predictive modeling, dashboard design, and full-stack implementation using Next.js, Prisma, and PostgreSQL.

LUMERA | Founder & Lead Architect
- Built a multi-vendor digital marketplace on a modern commerce stack, combining Medusa, Next.js, PostgreSQL/pgvector, Redis, and vector-search-driven product discovery.
- Designed the data model, multi-vendor architecture, recommendation logic, and brand system end to end.
