PROFESSIONAL EXPERIENCE

Turner Construction Company - CTS LoneStar JV | Texas | Hybrid **Oct 2025 - 2026**

Human Resource Manager - Mega Projects

HR leader for one of the largest programs in its partner firms' history: a $2.5B+ hyperscale data center campus delivered by a four-company JV (Turner, Clayco, Source Building Group, TW Constructors), with five data centers, onsite workforce housing, and a 4,600+ peak workforce.

- Directed HR operations for a $2.5B+ hyperscale program, managing a 3-person HR team and coordinating HR service delivery across four JV partner organizations, five data centers, onsite workforce housing, and a 4,600+ peak workforce.
- Established the program HR operating model for jobsite entry, onboarding, OCIP/badging coordination, compliance intake, document control, escalation paths, field issue response, and partner-firm handoffs.
- Designed workforce forecasting and analytics reporting across FTEs, projected vs. actual man-hours, staffing demand, OSHA recordables, onboarding/badging status, and schedule-risk indicators to give executives a shared view of workforce readiness.
- Developed a Google Workspace onboarding portal and live dashboard environment, replacing fragmented status updates with a centralized workflow for new-hire readiness, workforce status, forms, communications, and leadership reporting.
- Advised project executives and JV partner leadership teams on employee relations, workplace investigations, compliance risk, manager coaching, performance issues, and field communication strategy across a multi-employer workforce.
- Used employee-relations patterns, workforce questions, onboarding friction points, and safety/EHS inputs to identify repeat issues, close process gaps, and improve consistency across field leadership.
- Led English- and Spanish-language workforce communications, the 11-member internship pipeline, and HR-side emergency response coordination for critical incidents with safety, medical, and executive leaders.
