Garrett Baxley

HR Director | People Operations | Employee Relations | Workforce Planning | People Analytics

Houston, Texas | Baxley.Garrett@gmail.com | [phone] | linkedin.com/in/garrett-baxley

PROFESSIONAL SUMMARY

Director-level HR and People Operations leader with 13 years of experience building people infrastructure in complex, high-stakes environments across construction, healthcare, hospitality, and multi-site operations. Led HR operations for a $2.5B+ hyperscale data center program supporting a four-company joint venture, 4,600+ peak workforce, and a 3-person HR team. Known for translating operational ambiguity into accountable HR systems: employee relations, investigations, compliance intake, workforce forecasting, safety/EHS partnership, leadership coaching, and executive-ready people analytics.

SELECTED IMPACT

- Led HR operations for a $2.5B+ hyperscale construction program supporting a four-company JV, 4,600+ peak workforce, and 3-person HR team.
- Managed multi-site HR strategy for a 650+ employee, 40+ location diagnostic-imaging organization with a 3-person HR team.
- Improved eNPS by 46 points, cut time-to-hire by 80%, reduced employee-relations issues by 50%, and improved leadership effectiveness by 60%.
- Created workforce forecasting models, people dashboards, onboarding portals, compliance intake, and field communication systems for leadership visibility.
- Led HR support through acquisitions, multi-state compliance, safety/EHS partnership, emergency response, and high-pressure operational change.

PROFESSIONAL EXPERIENCE

Turner Construction Company - CTS LoneStar JV | Texas | Hybrid — Oct 2025 - 2026

Human Resource Manager - Mega Projects

HR leader for one of the largest programs in its partner firms' history: a $2.5B+ hyperscale data center campus delivered by a four-company JV (Turner, Clayco, Source Building Group, TW Constructors), with five data centers, onsite workforce housing, and a 4,600+ peak workforce.

- Led HR operations and a 3-person HR team across onboarding, compliance intake, safety badging, workforce communications, partner coordination, and field support for a 4,600+ peak workforce.
- Created the program's HR operating model from the ground up, standardizing jobsite entry, documentation, escalation paths, HR service delivery, and partner-firm coordination across overlapping project, enterprise, and owner-controlled systems.
- Advised project executives and four JV partner leadership teams on employee relations, workplace investigations, compliance risk, workforce planning, leadership alignment, and field communication strategy across a multi-employer workforce.
- Designed workforce forecasting and people analytics models tracking FTEs, projected vs. actual man-hours, OSHA recordables, staffing needs, schedule pressure, and safety indicators for leadership decision-making.
- Developed a Google Workspace onboarding portal and live dashboard environment that gave project leadership visibility into staffing, compliance, onboarding status, and workforce trends.
- Led English- and Spanish-language workforce communications supporting safety, transparency, accountability, and inclusion under intense schedule pressure.
- Developed the program's 11-member internship pipeline, including onboarding structure, manager coordination, field integration, and early-career support.
- Served on the Emergency Response Team and coordinated HR-side response to critical, life-threatening incidents with safety, medical, and executive leadership.

Capitol Imaging Services - Houston MRI and affiliated centers | Houston, TX — Apr 2023 - May 2025

Human Resource Manager

- Led HR for a 650+ employee, 40+ location diagnostic-imaging organization with a 3-person HR team, owning recruitment, employee relations, compliance, benefits, workforce planning, and multi-site people strategy.
- Advised executives and site leadership on workforce planning, performance management, organizational decisions, and leadership effectiveness across a geographically distributed healthcare operation.
- Led HR through two acquisitions in Texas and Georgia and managed multi-state compliance across TX, GA, FL, LA, MS, and AL, including FMLA, ADA, EEOC, handbook infrastructure, and scalable HR processes.
- Improved eNPS by 46 points, reduced time-to-hire by 80%, lowered employee-relations issues by 50%, and improved leadership effectiveness by 60% through coaching, training, process design, and performance management.
- Created people dashboards, reporting processes, and operating rhythms that improved leadership visibility into staffing, retention, employee relations, and organizational risk.

Sonnenalp Resort | Vail, CO | Hybrid **Jan 2021 - Jan 2023**

Human Resources Generalist

- Served as primary HR lead for employee relations, compliance, coaching, and performance management within a high-touch luxury resort environment.
- Managed disciplinary actions, coaching plans, employee concerns, and conflict resolution, reducing grievances by 42%.
- Created internal promotion pathways and manager coaching practices that increased career mobility by 35%.

OTR Fleet Service LLC | Houston, TX **Sep 2017 - Jan 2021**

Human Resources Generalist

- Created the company's internal HR function from the ground up, reducing HR costs by 26% while establishing core people, compliance, recruiting, employee-relations, and documentation processes.
- Supported workforce operations across a service environment with practical, field-ready HR systems and manager guidance.

Massage Heights | Houston, TX **Feb 2009 - Sep 2017**

Human Resource & Operations Manager

- Led combined HR and operations for a multi-location service business, aligning staffing, scheduling, team development, customer experience, and performance standards.
- Increased revenue by 20% through performance-based staffing, manager coaching, team accountability, and operational discipline.

ADDITIONAL ANALYTICS LEADERSHIP

Galaxy Sports Network LLC | Analytics & Operations

- Operate a data-driven sports intelligence platform focused on source quality, model discipline, probability-weighted outputs, and decision-support dashboards.
- Applies HR-relevant strengths in analytics, forecasting, systems design, risk communication, and executive-ready reporting.
